

**Now available - Immediate quotes for Miscellaneous Professional Liability
(Specified Professions)**

October 6, 2008 - ELM Insurance Brokers can now offer users the ability to get immediate quotes for their Miscellaneous Professional Liability (Specified Professions) needs through United States Liability (USLI).

Please note that - unlike the other ELM on-line applications available through APPexpress - these Immediate Quote products are only quoted by USLI. If you wish to submit an application to be quoted by multiple Insurers, please use the Application Processing Center that is available when you log in to the ELM web site.
